FUN & GAMES

Young children and teenagers tend to finish their meals before the adults. If we are doing the **Game Show**, the optimum time to do this would be when the children are done eating, since the adults are not yet ready for us to start with the dancing music. If we are *not* doing the Game Show, then we recommend doing some games during this time. Below are just a few of the more popular games that are requested. You may also include any other specific game you may have seen played at another event. (Please provide an explanation of any game you suggest) We will review these activities with you prior to your event.

Hava Nagila / The Hora	Freeze Dance	Scavenger Hunt Musical Chairs (our most requested game)
“Stuff-It” Game	The Limbo	Frozen T-Shirt Contest * (<i>requires advance notice</i>)
Coke & Pepsi	Name That Tune	Hula Hoops Pass (Similar to Hot Potato)

More Games available on request

DANCE WITH US

Your entertainer will play a wide variety of music to appease all age groups and tastes in music. We encourage you and your guests to make requests. *He / She will take great care not to play any song that may not be appropriate for your event and / or with offensive / overly suggestive content.* All requests by client and guests are played at the complete discretion of the entertainers. Below are a few examples of fun, simple follow along dances that are usually popular with your guests.

Electric Slide	Hava Nagila / The Hora	Macarena
Cha Cha Slide	Celebration Dance	We are Family
Cupid Shuffle	C'mon 'N Ride (the Train)	YMCA
Conga Line	The Wobble	Cotton-Eyed Joe

Please provide us with as much information as possible regarding the types of music that you would like played and what you **DO NOT** want played. The more information that you can provide, the more successful the event.
